

FMS-FAMILY MULTI-SERVICES

**Your Strategic Partner
for Digital Transformation and
Mining Operations Optimization**

FMS-Family Multi-Services helps mining companies modernize, structure, and automate their operations. We provide digital solutions, IT support, process improvement, professional communication, and tailored operational assistance aligned with your performance and growth objectives.

WHAT WE CAN DO FOR YOUR MINING COMPANY

1 Operations Digitalization

Management databases, workflow automation, information centralization, and reduced manual tasks.

2 Stock & Consumables Management

Entries and exits tracking, inventory control, alerts, traceability, and reporting.

3 Invoicing, Contracts & Documents

Automatic generation of invoices, delivery notes, reports, and administrative documents.

4 Dashboards & Reporting

Daily, weekly, and monthly reports, KPIs, and performance monitoring.

5 IT Support & Maintenance

Technical assistance, configuration, maintenance, and user support.

6 Marketing & Corporate Communication

Brochures, presentations, visual materials, branding, and professional content.

7 Training & Capacity Building

Training teams on office tools, digital systems, and best practices.

8 Tailor-Made Solutions

Customized support for drilling, logistics, procurement, fleet, warehouse, HR, finance, and administration.

WHY CHOOSE FMS?
